MEMORANDUM FOR: Chief/G
SUBJECT: GRA Language Requirements

1. Attached is a listing of the foreign languages for which an awardable competence exists, or for which a developed competence is desirable in the carrying out of the mission of the Geographic Research Area. Insofar as possible, languages have been associated with specific positions by using the name of the incumbent. In some cases, the absence of a specified geographic area of responsibility has prevented the assignment to specific positions and has required a general assignment to a branch.
2. In the case of D/GC, names have been assigned to positions by SA/Ch/G in order to give a higher degree of uniformity in the presentations of the three divisions.
3. The covering memoranda for the D/GG and D/GC contributions are also attached. The contribution from D/GL was received by telephone.
